Professor Román Castañeda – Sepúlveda
Physics School, National University of Colombia in Medellin

gives a seminar on:
Point sources and rays in the phase-space: novel tools for optical field modelling

Seminar will take place in the Summer Term 2009/2010
June 14th at 16:15 pm, lecture hall 111
in Faculty of Physics Building

and presents a series of lectures on:
The optics of the spatial coherence wavelets

Lectures will take place in the Summer Term 2009/2010
from 9th to 30th of June 2010
in Faculty of Physics Building
